	<b>Referrals required</b> You'll need referrals from your PCP before seeing a specialist or getting certain health care services.	✓
	<b>Preventive care covered at 100%</b> There's no additional cost to you for seeing a network provider for preventive care.	✓
	<b>Behavioral health covered</b> In-person and virtual behavioral health options covered by plan benefits.	✓

justplainclear.com

For thousands of health care terms defined simply and clearly, this is your site.

## With a PCP, there’s a doctor in your corner

Your primary care physician (PCP) is your health guide—someone who can help connect you to the care you need and help you avoid cost surprises. Your health plan option requires you to select a network PCP\* for you and each covered family member.

## More good reasons to have a PCP

They know your health history and health goals

They provide routine care, such as annual checkups, which may help identify potential health issues earlier

They advise you when to see a specialist and provide referrals if needed\*\*

### It’s easy to browse network PCPs

- Go to [uhc.com/providersearch](https://uhc.com/providersearch) > **Medical Directory** > **All UnitedHealthcare Plans** > **Shopping Around** (if applicable)
- Choose the name of the health plan you’re considering
- Select the appropriate calendar tile
- Choose **People** > **Primary Care** > **All Primary Care Providers**
- Change your location to search providers near you
- From the provider listing, click on the name of the PCP you’d like to select and write down the 14-digit Provider ID number—you’ll need it when you enroll

\*Some health plans may allow you to choose a facility rather than a doctor as your PCP. Some states allow you to choose a specialist, like an OB/GYN, as your PCP.  
\*\*Some health plans may require a referral prior to seeing another network physician or specialist.

# It's so easy to connect to your plan

With UnitedHealthcare, you get personalized digital tools that help you check in on your plan whenever you want — which makes it easier to stay on top of your benefit details.

## Important things to know about selecting or changing your PCP

A primary care physician (PCP) is your health guide — someone who can help coordinate your care and supports you in achieving your best health.

### Your PCP:

- Must be a general practice, family practice, pediatrician or internal medicine provider
- Must be an individual provider, not a medical practice
- Must be accepting new patients (if you are not a current patient)
- Must be located in a town or city near where you (the subscriber) live or work
- Can be selected for the entire family or each covered member can select their own

To search for a PCP, please visit [whyuhc.com/csveba](https://whyuhc.com/csveba).

Once you are on the [whyuhc.com/csveba](https://whyuhc.com/csveba) site > Search for a Provider > select the network you are in or interested in searching > update your location if necessary > select People > Primary Care > select type of physician

A listing of in-network PCPs will appear within your location. Here you can filter by a provider name, reviews, specialty, gender and more.

Once you have selected a PCP, click on their name. On the right hand side it will display their Provider ID number. You will need their Provider ID number to enroll or change to.

If changing your PCP, please select a new PCP and have their Provider ID number. You can change your PCP by signing in at [myuhc.com](https://myuhc.com) or by calling us at **1-888-586-6365**.

# Health and wellness benefits powered by care

Once your health plan becomes active, you can sign up for wellness programs and take advantage of health support services—all at no additional cost to you.

## UnitedHealthcare Hearing

### Hear life to the fullest

Your health plan includes access to 2,000+ name-brand models and styles of hearing aids at significant savings through UnitedHealthcare Hearing. Choose virtual care with hearing aid home delivery or in-person care at more than 5,500 hearing providers nationwide. Plus get in-person or virtual support for every stage of your hearing health journey.

#### Not sure if you have hearing loss?

Take a quick online test from the comfort of home to find out if you should schedule an appointment with a hearing provider at [uhchearing.com/test](https://uhchearing.com/test).

## Quit For Life

### Quit tobacco for good

If you're ready to quit tobacco, Quit For Life® can help. You'll get 1-on-1 support from a Quit Coach® who can help you create a plan and provide tips and encouragement along the way. You'll also receive a quit guide, access to a members-only website, help deciding if prescription or over-the-counter medication is right for you and, if you qualify, nicotine-replacement therapy like patches or gum. To enroll, sign in at [myuhc.com](https://myuhc.com).

## One Pass

### Join a subscription fitness network

One Pass™ is a next-generation, subscription-based fitness network of gyms and studios that provides access to multiple gym and studio brands, across thousands of locations. Members can use multiple different locations during the same month and change locations at any time. Choose from 4 membership tiers that represent different levels of unlimited gym network access.

Enroll in One Pass through Rally on [myuhc.com](https://myuhc.com). Monthly membership charges apply.

# Where to go for care

## When you need care, call your primary care physician or family doctor first

Your physician has easy access to your records, knows the bigger picture of your health and may even offer same-day appointments to meet your needs. When seeing your physician is not possible, it’s important to know your quick care options to find the place that’s right for you and help avoid financial surprises.

# Take the time to care for yourself

Like any machine, your body needs regular maintenance. Catching health problems early is an important way to keep your body running strong. Also, because many health conditions have no symptoms, preventive care can help you catch health problems early, when they’re easier and less expensive to treat.

## Get the care you need

Regular preventive care helps you and your doctor catch health issues early—plus it’s 100% covered by your health plan when you see a network doctor.

### Covered preventive services include:

- An annual exam
- Prostate screenings for men
- Cancer screenings
- Pap tests and mammography for women
- Immunizations — including flu shots
- Cholesterol and blood pressure screenings

Know which preventive care screenings you need and what’s covered. Visit [uhcpreventivecare.com](https://uhcpreventivecare.com).

# Virtual Visits

## 24/7 Virtual Visits

When you need care quickly, a 24/7 Virtual Visit is a convenient way to start feeling better faster. Talk—by phone\* or video—to a doctor who can diagnose common medical conditions and even prescribe medications, if needed.\*\*

Use a 24/7 Virtual Visit for these common conditions:

- Allergies
- Flu
- Sore throats
- Bronchitis
- Headaches/migraines
- Stomachaches
- Eye infections
- Rashes
- and more

To get started, go to [uhc.com/virtualvisits](https://uhc.com/virtualvisits).

### Prepare for your 24/7 Virtual Visit

Have these 3 items handy:

- Health plan ID card
- Credit card
- Pharmacy location

## Virtual therapy

Reaching out may be hard—especially if you might not want anyone to know you're hurting. From the privacy of home and the convenience of your mobile device\* or computer, you can receive caring support from a licensed behavioral health virtual therapist.

Virtual therapy offers confidential counseling and includes:

- Private video sessions at a time that's convenient for you
- Help with coping — for children, teens and adults
- Similar standard of care as in-person visits

Virtual therapy is designed to help treat conditions like:

- ADD/ADHD
- Addiction
- Anxiety
- Depression
- Mental health disorders

To find a provider and schedule a visit:

1. Sign in or register on [myuhc.com](https://myuhc.com). Then, go to Find a Doctor > Behavioral Health Directory > People > Provider Type > Telemental Health Providers.
2. Call the provider to set up an appointment.

### Now at a \$0 Copay

UnitedHealthcare members now have a \$0 copay when accessing 24/7 Virtual Visits through one of the providers listed below. Available on all UnitedHealthcare/VEBA HMO plans.

**Optum**

**amwell**

**dr.** on demand

**Teladoc**  
HEALTH

\*Data rates may apply.

\*\*Prescription services may not be available in all states.

As per state telehealth rules and regulations. Certain prescriptions may not be available, and other restrictions may apply.

The AbleTo mobile application should not be used for urgent care needs. If you are experiencing a crisis or need emergency care, call 911 or go to the nearest emergency room. The Self Care information contained in the AbleTo mobile application is for educational purposes only; it is not intended to diagnose problems or provide treatment and should not be used on its own as a substitute for care from a provider. AbleTo Self Care is available to members ages 13+ at no additional cost as part of your benefit plan. Self Care is not available for all groups in District of Columbia, Maryland, New York, Pennsylvania, Virginia or West Virginia and is subject to change. Refer to your plan documents for specific benefit coverage and limitations or call the toll-free member phone number on your health plan ID card. Participation in the program is voluntary and subject to the terms of use contained in the mobile application.

This brochure includes general information about your medical benefit plan. This summary is not a plan document under which the plan is maintained and administered.
